From the Secretary's Desk

Dear Friends,

It's with pleasure that I present this annual report before you for the 28th time since the society started crawling in 1992. It had been a nonconventional and challenging task that we had put before ourselves

I am glad to inform you that PRAVAH has completed its 28 years of journey of service for the development of rural untouched people. Our service has touched lives in remote and un-reached villages in Santhal Pargana region of Jharkhand. We faced stress factors like droughts, poverty, inequity & inefficient local self-governance over the years. The original mandate of alleviating poverty and enhancing the quality of life of the rural poor have remained the same, through the strategic orientation has undergone changes to meet the challenges of today keeping the view the needs of tomorrow. This change has come about consequent to shifts in development thinking at local level by the community. This annual report is not just only a record of achievement for us, but also each work completed is associated in our memory with faces to which we brought smiles. This report of 2016-17 is thus also an attempt to bring to a wider readership the stories of

lives that our work has, in some way, helped to change in a sustainable manner. We believe it is our mandate to make their voices heard their opinion count and their identifies and aspirations kept as the central focus of the development process irrespective of who the external facilitates development fractions are in the way we hope that stories detailed in the report will inspire others to try out the solution for themselves. This year we gave lot more stress to work on raising women's voice, drive towards promoting people's governance and sustainable livelihood through several interventions. We are extremely grateful to the rural communities we have worked for and Collectives for Integrated Livelihood Initiatives (CINI), with us and our associates funders like ITC, Fight Hunger First Initiative IND 1258, Welthungerhilfe, SIFS IND 1317 playing new roles in enabling us to impact rural lives in meaningful ways. We look towards you, as before, for your continued support to learn how to do our work better in this collective fight against alleviating poverty, NRM, health, sanitation, livelihood and promoting good governance.

We owe a great deal to the members of our governing body for their devoted attention to guide our team members from time to time especially in the critical situations. I hope the members will critically evaluate the achievements, take stock of the limitations and provide guidance for the future activities and programs. I express again my thanks to the workers of the society whose hard labor and sincerity is engraved in each line of this report.

Thanking
you. 20th April,
2022 Mr. Dilip Kumar
Secretary

Mr. Dilip Kumar
Secretary, PravaH

Genesis of the Organization

PRAVAH is a Non Profit making organization working since 1992 in Santhal Pargana Region of Jharkhand for poor and vulnerable sections of the society. PRAVAH was founded by a group of dynamic social activists and intellectuals with the leadership of Mr. Dilip Kumar, inspired by the ideology of freedom fighter M.K. Gandhi, prominent social thinker Dr. R. M. Lohiya and Jai Prakash Narayan. With the goal to establish Gram Swaraj, influenced by Gandhian philosophy PRAVAH initiated its development mission in 10 villages of Sarwan block in Deoghar district with vulnerable target groups especially women and children of tribal and Dalit communities. Poverty and hunger in the marginalized groups have been deep rooted problems in the area which became the key focus of organizational intervention and most of its programs have been to alleviate poverty and increasing food availability in a sustainable manner. Gradually PRAVAH scaled up its development initiatives through programmatic abilities and its rapport with the local community from 10 villages to 200 villages, where several successful development models have been established in Santhal Pargana region of Jharkhand and have also spread its roots in 4 districts of Bihar.

Target Group

Women
Children
PVTG

Key Thematic Issue:

- Strengthening of CBOs
- Natural resource management
- Livelihood promotion
- Sustainable agriculture
- Women empowerment
- Education
- Community health intervention
- Strengthening local self-

The Vision

“Establish an equity and just social order-based society where everyone must have a dignified and respectful life.”

The Mission

- **To empower target communities with ensured positive deviance in all respects through.**
- **Transparency, cooperative and participatory approach**

Targeted Beneficiaries 3100

Major Achievement

Goal: Graduate ultra-poor PVTGs from poverty through Sustainable Livelihood Objective

Objective: To ensure all-round sustainable development of the PVTGs

Supporting Agency: TrickleUp

Project Period: September 2021 to August 2023.

Intervention Area: Littipara, Pakur, Jharkhand

Target group: Particularly Vulnerable Tribal Groups (PVTGs)

Targeted beneficiaries: 3100

Challenges:

1. Poor connectivity
2. Scattered hamlets
3. Poor mobile network
4. Lack of proper roads
5. Lack of water and hilly patches makes agricultural work difficult

Key Strategies: Graduation Approach

Bank linkages & SHGs-

- ◆ SHG management sessions through SHG meetings—43
- ◆ Defunct SHGs made functional-
- ◆ 15 SHG Formation-6
- ◆ Facilitation in SHG account opening- 16 Fac
- ◆ Facilitation in getting SHG-CCL- 13 Facilitation in opening individual bank accounts-10

Convergence with various Governmental Schemes-

- ◆ Facilitation in getting Dakiya Yojana-
- ◆ 15 Facilitation in getting PVTG Pension Scheme-7
- ◆ Facilitation in getting Awas Yojana-
- ◆ 7 Facilitation in enrolling in Didi Bari Yojana-1300
- ◆ Facilitation in enrolling in Pashudhan Vikas Yojana-150
- ◆ Facilitation in Adhar Correction-7

Advanced agricultural practices & Livelihood

- ◆ Implementation of Community Nurseries-
- ◆ 5 Cultivation of tomato & brinjal- 2 villages
- ◆ Processing of NTFPs- 1) Pickle 2) Bari using Lobiaseeds
- ◆ Paddy cultivation by SRI
- ◆ Preparation of seedbeds in a scientific way
- ◆ Introduction of mulching techniques using paddy straw/ large leaves like banana
- ◆ Demonstration on preparation of organic manures & pesticides like Amritpani, Nimastra etc.
- ◆ Facilitation in preparation of Backyard Poultry sheds-72

Utilization of budget

Activities related to behavioral changes

- ◆ Distribution of Nutri-Garden kits-
- ◆ 101 Implementation of Nutrition Garden

(Including Didi Bari)-50

- ◆ Demonstration of hand-washing practices at SHG level-5
- ◆ Formation of Youth Clubs

Activities related to strengthening of Youth Section through CBOs-

- ◆ Formation of Youth Club-3
- ◆ Organizing football tournament by Youth Club-
- ◆ 2 Training of members of Youth Club on Poultry Farming
- ◆ Members of Youth Club actively participating in Covid-19 Relief Distribution as volunteer
- ◆ Youth Club helping needy families of their villages during nationwide lockdown

Training activities-

- ◆ 60 Participants got training on mushroom cultivation from Krishi Vigyan Kendra, Pakur. It was done in convergence with Department of Horticulture, Pakur
- ◆ 40 Participants got training on Value-addition of NTFP
- ◆ 30 members of 2 Youth Clubs got orientation on Poultry Farming

This Project covers 3100 PVTG families from 72 villages of 12 Gram Panchayats of Littipara block, Pakur, Jharkhand.

Goal of the Project: Capacity building of CSOs through technology, innovation and enterprise to build up domestic resources.

Objective: To contribute to strengthen civil society in India that is able to perform its independent role of empowering vulnerable section of Indian society

Supporting Agency: European Union and WHH

Project Period:

Intervention Area: 40 CSOs and their affiliated community based organization

Target group: Civil Society Organizations.

Key Achievements so Far

- Launching of Crowd-funding Platform named "**ShareOn**" (<https://shareon.in/>).
- **Revamping of Websites - 20**
- **CSO Effective Use Of Social Media - 20**
- **CSO External Communication and branding** like Google For Non-Profit, Canva for Non-Profit introduces-
- **Campaigns Launched so far - 33 Campaigns**
- Total no of **CSOs** associated with the **Organizational development and Hybrid Earning Model - 13 CSO**
- Total no of **Skill Building initiative** on Proposal writing, Basic and advance Communication, Financial and Legal structure etc.

Total No of CSOs in Each Key Result Area

Helping to raise fund through training

Utilization of budget

- ◆ **Goal of the Project:** The M-Powered project aims to make significant and replicable contributions towards the eradication of extreme poverty by providing extremely poor women with appropriate mobile technologies in order to improve their access to information and services, subsequently enhancing their livelihoods and well-being.
- ◆ **Objective:** The objective of the project is to develop a strategy and implement livelihood program initiatives for people living in ultra and extreme poverty as defined in the National Rural Livelihood Mission framework.
- ◆ **Supporting Agency:** Tata Communication
- ◆ **Project Period:** 15 March 2021 to 30th August 2022.
- ◆ **Intervention Area:** Block Maheshpur, District Pakur, Jharkhand.
- ◆ **Intervention Area:** Block Maheshpur, District Pakur, Jharkhand.
- ◆ **Target group:** Women

One of the project participants Gulapi Devi is running her small shop successfully and become a community influencer.

Major Achievement

1. Targeting and retention:

Socio Economic Caste Census (SECC) data was missing from 7 villages and hamlets, and the data we collected was subsequently integrated to ensure that the ultra-poor were represented in government databases and would be able to avail services accordingly.

2. SHG integration:

- These **400** ultra-poor women were integrated into **154 JSLPS SHGs** out of which **84** are exclusively ultra-poor SHGs.
- Regular capacity building enabled **89%** of the ultra-poor participants to be elected in SHG leadership positions at least once during the 2 years implementation period.
- **95%** of the SHGs conducted at least two meetings every month in the past one and a half years, or at least once per month.
- **70%** of participants attended at least **90%** of the SHG meeting regularly in the past one and a half years. As per above, the absence of bookkeepers or smart sakhi was a reason for some participants and group to not meet as regularly as intended.

3. Savings and financial inclusion:

- **88%** of participants increased their savings through the program activities, to an average of **INR 3,247**. Most participants had no or negligible savings, with a maximum of **INR 700** at baseline.
- **78%** of participants accessed credit through their groups.
- **62%** of participants accessed Revolving Fund or CIFA as a member of the SHG.

- **More than 98%** of participants had access to **Individual savingsbank accounts** by the end of the project, due to capacity building at the group and individual level.
- **97% of ultra-poor participants** are engaged in **savings and credit activities** through SHGs.

Livelihood development:

- **71%** of the participants had an annual income of **at least Rs. 24,000** through profits from programs supported activities in the last year of the program.
- **62%** of participants had annual household income from all types of activities, plus entitlements of at least **Rs. 44,000**.
- At the end of the implementation period **90%** of the participants are continuing with the livelihood plans agreed between the coach and the project participant.
- **80% of program participants** diversified their livelihood activities into different sectors, through project support, to mitigate risk.
- **87% of participants** have at least **INR 12,000** in productive assets by the end of the project (assets which can be used to generate income, excluding cash and standing crops).
- **97% of the participants** completed visioning exercise out of which 85% have plans to expand livelihood opportunities at the end of the project.
- After being a part of the program, women now have **80% increased** access to household assets.

5. Access to entitlements:

- **85% of ultra-poor participants** now have access to job cards under the **MGNREGA** under which 40% of ultra-poor participants got access and received wages under the assured labor scheme.
- **92% of ultra-poor households** have access to the Public Distribution System, which provides families with distributed food and non-food items through the network of fair price dealers to combat food insecurity.
- **70% of ultra-poor participants** have access to **Insurance schemes** and are linked to other financial allowances as applicable.
- **42% of eligible participants** now have access to **Widow Pension** and **52%** have access to **Old Age Pension**.
- **71% of participants** had houses built under **The Government's Housing Schemes** supported through linkages made through the project.
- **32%** of households accessed non-mandated health insurance.

Project activities at a glance

- ◆ **Goal of the Project:** Farmers income to be increased through milk production.
- ◆ **Objective:** To educate people by imparting training on modern and scientific methods of livestock farming and extension activities. Delivery of necessary livestock health care through timely immunization against total diseases, proper diagnosis and rational treatment for optimization of livestock production.
- ◆ **Supporting Agency:** ITC Ltd (ABD DIVISION) **Project Period:** April 20 to March
- ◆ **21 Intervention Area:** 12 districts in BIHAR & 2 districts in WEST BENGAL
- ◆ **Target group:** Cattle owned farmers
- ◆ **Challenge:** Due to pandemic the demand of community consumption got down and it was very challenging to maintain the hygiene and transport

Budget utilization at a glance FY 2020 - 2021

Supported by

The Total number of 1139 Farmer Meetings have been conducted where maintenance of hygiene, diet chart of cattle, how to keep all cattle in their comfort zone, awareness of deworming & vaccination etc. have been discussed.

Artificial Insemination has been conducted with **28589** cattle.

Treatment of fertilization has been given to 363 cattle as a result **90% of cattle** gave healthy calf

Total number of **210 Free Animal Health** Camp has been conducted which includes treatment of external and internal worm, basic health checkup and special treatment

Fodder plantation conducted in **50 acre** land.

4716 Kgs of Feed Supplements has been distributed among farmers for cattle.

Total number of **347 Door Step services**/ on call services has

been delivered in various field like treatment of cattle by veterinary doctor, facilitate reproduction and delivery process by paramedical staff, repairing and maintenance of Automatic milk collection unit by engineer

Total Number of **7 Mega Gramsava** has been conducted to influence the farmer in milk production and awareness on the same.

Major Achievement

◆

◆

◆

◆

◆

◆

◆

◆

Total number of 64659
 and total number of
37748 farmers have been covered with various services

◆ Goal of the Project:

To bring behavioral changes by improving dietary diversity and personal health hygiene, promoting natural farming.

- ◆ **Objective:** The objective of the project is to reduce chronic undernutrition which is a complex challenge because of variety of factors such as poverty, food insecurity, inadequate diets, gender inequality, low education, poor health, and sub-optimal care giving practices.

- ◆ **Supporting Agency:** BMZ and Welthungerhilfe

- ◆ **Project Period:** 2018 to

- ◆ **2022 Intervention Area:** Sonaraitariblock, Deoghar, Jharkhand.

- ◆ **Target group:** Malnourished Children and their families

- ◆ **Challenge:** Liaison with District administration, accumulates support of the families through providing ration kits which were very challenging during the lockdown.

Utilization of budget POSHANN FY 2020 - 2021

Major Achievement

- ◆ Total no of children attended **Nutrition Camp:-1157**
- ◆ Number of Children supported with **Nutrimix in 40 project village:- 900 children distributing 450kg of it.**
- ◆ Home visit for **health & nutrition counseling** for households with SAM and MAM children:-**3941**
- ◆ Total No of children have recorded weight gain (SAM/MAM to Normal) : - **524 children**
- ◆ Total No of Infant Young Child Feeding monitored:-**1188**
- ◆ Total No of **Kitchen Garden** promoted (PDHH+LANNHH):**5130**
- ◆ **Fish spawn** support to families in association:-**38**
- ◆ Total No of HH monitoring on **Dietary diversity:-656**
- ◆ Total **Vermicompost** kaccha Unit:-**463**
- ◆ Total **Organic farming** promotion training:-**88**
- ◆ Total No of **LANN-PLA Meeting Cycle** conducted:-**669**
- ◆ LANNPLA-Participation in meetings:-**20070**
- ◆ **WASH Kit** distributed:-**703**
- ◆ **Soap** distributed - set of soaps:-**163000**
- ◆ Capacity Building training on Community Linked Total Sanitation:-**44**
- ◆ Total participants Capacity Building on Community Linked Total Sanitation: -**1628**
- ◆ Total Gram safai Abhiyan done during the pandemic:-**43**
- ◆ Jaldada Training for local youth:-**27** participants
- ◆ **Distribution of Dry Ration to necessary beneficiaries (Families having Malnourished Children) : - 900**
- ◆ Designed Micro planning for community involving **MGNREGA:-43**

- ◆ **Goal of the Project:** Upgradation of LakhpatiKisan through Clean Energy.
- ◆ **Objective:** To ensure enhanced income and quality of life of LakhpatiKisans of Jama.
- ◆ **Supporting Agency:** Sustain Plus Energy Platform (Approved by CINI)
- ◆ **Project Period:** Jul, y2021 – June, 2022
- ◆ **Intervention Area:** Jama, Dumka, Jharkhand
- ◆ **Target group:** Rural-tribal communities
- ◆ **Project strategy:** Continuous Sensitization & Mobilization in community regarding the advantage and needfulness of Solar
- ◆ **LI Challenges:** During this 2nd phase of Covid-19 pandemic the maximum nos. of villages in Jama have been struggled with diseases and its effects a lot to run the program in all these sections like – Trench Cutting, Collection of CC, Site finalization, Site identification, Agreement, Convergence with other sources funding etc.

Major Achievement

- ◆ Total number of 50 sites have been identified
- ◆ Total 50 number of user group formed
- ◆ Total number of **50 Solar MLI system** installed
- ◆ Total number of 200 command areas covered under solar irrigation
- ◆ No. of **400 HHs** covered under solar irrigation
- ◆ Total area of **140** covered under solar drip & mulch
- ◆ Number of **280 HHs** covered under drip & mulch
- ◆ Total number of Solar Repellers are 20
- ◆ Total number of **Solar Fence Guard** are **50**
- ◆ Total Area of **160 acre** covered under solar repeller & solar FG
- ◆ **No. of 800 HHs** using solar repellers & fence guard
- ◆ Total number of **solar pumps** leveraged are **35**
- ◆ Total No. of **4 local youths** identified for repair and maintenance
- ◆ Total number of 8 training programs conducted for servicing of pumps
- ◆ By vendors or mechanics.

Utilization of budget

- Allocation
- Expenditure

Major Achievement

- Establishment of 5 High-tech Nursery: Total 5 nos. of High-tech Nursery. Already set up all these are functioning properly.

DETAILS OF AGRICULTURE OUTREACH:

Kharif:

Particulars	Unit	Planned	Achievement
HHs coverage under Kharif	No. of HHs	3000	2863
Area covered under Kharif	Acre	2400	1185.73

Rabi:

Particulars	Unit	Planned	Achievement
HHs coverage under Rabi	No. of HHs	2000	276
Area covered under Rabi	Acre	600	32.41

Summer:

Particulars	Unit	Planned	Achievement
HHs coverage under Rabi	No. of HHs	1200	394
Area covered under Rabi	Acre	400	37.56

Objective: To

- ensures sustainable improvement in agriculture Crop production, Goat rearing, Lac Cultivation, Horticulture Plantation, Fishery and income generation of 3000 tribal HH in 44 Villages.
- Supporting Agency:** Collectives for Integrated Livelihood Initiatives (CINI) **Project Period:** July 2021–June, 2022
- Intervention Area:** Jama, Dumka, Jharkhand
- target group:** 3000 HH of Jama Block
- Project strategy:** SHGs, VO & Federation and community led initiatives.
- Challenges:** Fundraising and Convergence with stakeholder

- ◆ **-Total Soilless Saplings supplied from poly house nursery entrepreneur –**
- ◆ **636159** Water and sanitation theme is one of the significant components under the flagship program of Lakshpati Kisan. Water and sanitation is essential for each and every human being from the ages. The government of India has determined on the program to make every Indian family to be hygienic and disease free. Under this platform **MHM (Menstrual, Hygiene and Management)** program is incorporated to reach the larger part of the society. **The project is consisting of 3 panchayats and 2000 HH.** The basic Project Components are:

- ◆ **-Awareness building of Open defecation.**
- ◆ **-Sensitization and men and women about MHM.**
- ◆ **-Safe Drinking water.**
- ◆ **-Exposure Visit.**
- ◆ **-Orientation to the community and School Children on MHM.**

- ◆ **BCC (Behaviors change campaigning):** In different villages we have tried to motivate the villagers to use toilets to ensure the issues of health and hygiene. We also sensitize them how excreta spread from human mouth. This was also an effective way to increase the use of toilets. Whereas the community has also been oriented about drinking water and sanitation.
- ◆ During this reporting period, we have succeeded in convincing 556 families to use toilets and according they are using toilets.
- ◆ During the reporting period following task was carried out with Goat prototype:

#	Deliverable	Target	Cumulative Achievement
1	No. of Households in Goat Rearing	2500	2499
2	Preparation of Azola Pit	650	545
3	Preparation of goat shed/pig shed/Shed Management	600	518
4	PPR vaccination	12900	12900
5	Deworming	12900	20481
6	Ensuring 7 indicators of Goat Rearing	2650	5302
7	Goat Rearing Training (Farmers)	2000	6276

- ♦ **Goal of the Project:** to improve the practices agriculture and its allied Practices
- ♦ **Objective:** Improved Farming Practices for Food Security and Better Production for Small and Marginal Farmers of Munger–Sadar Munger block in Munger district (Bihar)
- ♦ **Supporting Agency:** ITC Limited (CSR)
- ♦ **Project Period:** April 2021 to March 2022
- ♦ **Intervention Area:** Munger, Bihar. **Target group:** Marginal and small farmer.

Major Achievements

- ♦ **Total Group irrigation through Project (open well):- 22 nos**
- ♦ **Total Farmers Field schools:-**
- ♦ **138 Units Total Sustainable area under Standard Pop: 3675 hectare.**
- ♦ **Total area covered through Zero tillage method new practices 1834 hectare.**
- ♦ **Promoted Nature based solution in field of 274.02 hectare.**
- ♦ **Total Agro forestry Plantation Convergence with Govt. department:- 21236 plants**
- ♦ **New Innovation demonstrated Name HDMP() High Density Mango Plantation:- 7.14 hectare.**
- ♦ **Benefitted PMKS Yojana (Convergence with Govt Dept.) among farmers:- 8 unit.**
- ♦ **Total Beneficiaries covered:- 3470 HHs**
- ♦ **Geo-textiles (400 SqM)**
- ♦ **Total area Target under SPOP (Standard Package of Practice):- 3969 hectare**
- ♦ **Area under new technology adopt through farm machinery (Zero tillage / Multi crop planter / Direct seeded Rice):- 2520 hectare.**
- ♦ **Total Beneficiaries Target:- 3500 Nos**
- ♦ **Total Farmers field schools:- 80 Unit**
- ♦ **Total Demo plot under Climate smart agriculture Practices:- 80 Unit**

- ◆ **Goal of the Project:** save water and soil
- ◆ **Objective:**
 1. To control damaging runoff.
 2. To protect, conserve and improve the land resources for efficient and sustained production.
 3. To moderate floods in the downstream area
 4. To protect and enhance water resources, reduce silting up of tanks and conserving rainwater.
 5. To increase the ground water recharge through in-situ conservation measures & water harvesting structures.
 6. To utilize the natural local resources for improving agriculture and allied occupation so as to improve the socio-economic condition of the beneficiary.
- ◆ **Supporting Agency:** NABARD, Government of Jharkhand
- ◆ **Project Period:** 2016 - onwards
- ◆ **Intervention Area:** Dumka, Jharkhand
- ◆ **Target group:** Small Margin farmers

Major Achievement

- ◆ Loose Boulder structure
- ◆ **55.91 Hec. area** of land has been covered by Trench cum Bund (18ft.*3ft.*2.5ft.) model for storing rainwater.
- ◆ **18.11 Hec. area** of land has been covered by Water Absorption Tank in order to store rainwater and increase the water level.
- ◆ Field/Farm bunding has been built in **99.31 Hec. area** of land for cultivation. Total 4 numbers of DOVA (60ft.*60ft.*10ft.) has been built in the catchment area.
- ◆ Total **17 numbers** of loose Boulder structure have been constructed.
- ◆ Total **4 numbers** of Earthen Check Dam have been constructed.

Dova (60*[^]60*10ft)

Loose Boulder Structure
